

Subject Matter Objectives

When the Inclusion Style is achieved, the following subject matter objectives are reached:

- ▶ To design a range of options that provide varying content entry points for all learners in the same task
- ▶ To accommodate individual performance differences
- ▶ To increase content acquisition by providing opportunities for continued participation
- ▶ To offer opportunities for content adjustment decisions
- ▶ To increase the quality of active time-on-task
- ▶ To reinforce the assessment sequence process
- ▶ Others
